

# **Mamma Mia**

## **1.The Gallery:**

The Mamma Mia website comes with a packed gallery section with pictures of the play, auditorium and all. This has been employed to make our fellow audience aware of the treat they're in for! The gallery is also equipped with a slideshow which can be accessed by clicking on any of the pictures.

## **2. Tweets:**

In the MAMMA MIA! Website we have also embedded related tweets which can be accessed in the form of a slide-show.

## **3. 3-D Models of Merchandise:**

Who doesn't like the merchandise of their favorite show/movie/play. We have put up 3-D models of merchandise like customizable Mamma Mia! Fireplace (bestseller) with a full fledged 360° view.

## **4. Posters with Effects:**

There are original posters, made by us, equipped with effects (like enlargement effect) both for the Mumbai tour and the Gurgaon tour.

## **5. Discussion Form:**

People's opinions matter! We have a fully functional discussion form where you can leave comments, reply to other's comments and what not!

## **6. Navigation Bar:**

There is a fully functional navigation bar at the top of the page to make your movement along the page easier.

## **7. Trailer and Logo:**

Self-made MAMMA MIA! Logo and trailer have been put up on the website.

## **8. Original Mamma Mia Soundtrack :**

You can enjoy the melody of the original Mamma Mia soundtrack from anywhere on the website, from the player on the top left.

## **9. Tickets and Seating Plan :**

You can access the seating plan of the show from under the book now button and choose the best seats in the house (all of them are the best, though)

## **Libraries Used :**

- Animate.CSS
- Video.JS
- Bootstrap
